

## About Wade Adams

Wade Adams has been at the forefront of the construction industry in the Gulf region for over 40 years. We design, innovate, build and develop: it's what we know and do best.

Headquartered in Dubai, Wade Adams is a general construction and project development company with both international experience and local knowledge. We have worked in the region since 1976 and built up an impressive portfolio of large-scale projects across the United Arab Emirates, Bahrain, Oman and Qatar.

Specialising in all aspects of design and build, EPC and employer construction services, we have worked on airports, dams, roads and bridges, district cooling, residential infrastructure, and utility networks projects. Our services also meet the specialised needs of the energy, marine, MEP, utility, industrial and landscaping sectors.

Wade Adams has helped transform visionary ideas into outstanding large-scale projects for several clients including Dubai Municipality, RTA, DEWA, Empower Energy Solutions, SNC Lavalin, Emaar Properties, Nakheel Properties, Abu Dhabi Municipality, Aldar Properties, Abu Dhabi Ports Authority, Qatar Petroleum, and Sharjah Airport Authority – to name just a few.

We are constantly striving to find better and more efficient ways to build. And, with an integrated approach to construction, we can tackle even the most demanding projects effectively, safely and on time.

As well as evolving to meet new challenges, we have an on-going commitment to safety, quality and information security management system, and we are proud of our numerous ISO certification and awards.

The group currently employs more than 11,000 people, and our in-house facilities include staff accommodation, a 4,000-strong fleet of heavy and light equipment and vehicles, laboratory facilities, and various plants including asphalt and concrete batching plants.
